Memo to File:

RE: Tecoma Project
PRO/003/007
Box Elder County, Utah

On June 12, 1984, the Division of Oil, Gas and Mining staff members, Sue Linner, Tom Portle, Rick Summers, Dave Darby and Lynn Kunzler met with Bob Roggenthen on site. This visit was to acquaint the Division staff with the proposed site in preparation of the Mine Plan Review.

The proposed site had been extensively drilled to determine the size and location of the ore body. Additional soils, vegetation and wildlife studies had recently been completed and copies were given to the staff on site.

DOGM staff was also informed that continuing exploration activities (obtaining a one-ton ore sample for Lab analysis) would continue later in the week.
